CORRIGENDUM.

Fort St. George, August 4, 1926.

In Notification No. 265, dated 20th July 1926, published on page 1548 of Part I of the *Fort St. George Gazette*, dated the 27th July 1926, *for* the words 'from 27th July 1926' *substitute* 'from 24th July 1926'.

No. 262.—The following resolution of the Government of India is republished:—

DEPARTMENT OF COMMERCE.

TARIFFS.

Simla, the 17th July 1926.

No. 362-T. (3).—The report of the Indian Tariff Board regarding the grant of protection to the wire and wire nail industry was published for general information on the 16th July.

2. The report is in three sections, dealing with the following subjects:—

I. Supplementary protection for wire and wire nails.

II. The imposition of a higher duty on wire nails than on wire.

III. The exemption of wire and wire rod, used in the manufacture of hackles, from the existing protective duties on wire and wire rod.

Section I.

3. The protection of wire and wire nails was recommended by the Tariff Board in their report on the first enquiry into the steel industry. Effect was given to the Tariff Board's recommendations in the Steel Industry (Protection) Act, 1924, which imposed a protective duty of Rs. 80 per ton on wire and of Rs 3 per cwt. on wire nails. The Tariff Board have no recommendation to make for the grant of supplementary protection, and consider that the question of future protection should be fully examined in the statutory enquiry into the steel industry which is now proceeding. The Government of India accept this finding.

4. The Steel Industry (Protection) Act, 1924, also imposed a protective duty of Rs. 40 per ton on all sizes of steel bar and rod. Wire and wire nails are manufactured from steel rod of small gauge. But the Indian Steel Wire Products, Limited, which was the only firm making wire and wire nails, had an agreement with the Tata Iron and Steel Company for the purchase of wire rod at a price which was not dependent on the import duty. The Tariff Board, therefore, considered that the protective duty on steel rod would not conflict with the protection of wire and wire nails. But the Tata Iron and Steel Company have not yet produced steel rod of small gauge, and it is reported that it would not be to their interest to manufacture it. Thus the protective duty is not only unnecessary, but also operates to diminish the protection on wire and wire nails which the Act was intended to give. In these circumstances, the Tariff Board recommend that the protective duty on steel rod and round bar of less than ¼ inch diameter should be removed. The Government of India accept this recommendation, and have decided to remit, by notification under section 23 of the Sea Customs Act, so much of the present duty as is in excess of the former revenue duty of 10 per cent *ad valorem*.

Section II.

5. The Tariff Board do not recommend that a higher duty should be imposed on wire nails than on wire. The Government of India accept this finding.

Section III.

6. The Tariff Board consider that the removal of the protective duty on steel rod and round bar of less than ¼ inch diameter will give sufficient relief to the manufacture of hackles. The Government of India accept this finding.

No. 270.—The following resolution of the Government of India is republished:—

DEPARTMENT OF COMMERCE.

TARIFFS.

Simla, the 17th July 1926.

No. 47-T. (73).—The report of the Tariff Board on the question whether a protective duty should be imposed either on all imported coal or on coal imported from any particular country or countries was published for general information on Friday, the 16th July.

2. The Government of India accept the unanimous finding of the Tariff Board that the case for a protective duty on all imported coal has not been established.

3. The facts reported by the Tariff Board show that an additional duty on coal imported from South Africa might be imposed under section 8-A of the Indian Tariff Act, 1894, but the Government of India accept the finding of the majority of the Board that in present circumstances action under that section is not advisable.

RULES FOR THE NAVIGATION OF DOSAPAD CHANNEL, KISTNA EASTERN DELTA.

Navigation will be permitted between the 10th June and 28th February of each year for passenger and light cargo boats in the Dosapad channel, Kistna Eastern delta, from head to 14 miles 3 furlongs 270 feet.

10. Navigation in this channel will be permitted only on the clear understanding that on no account will water be let down for navigation apart from the demands for irrigation.

12. In all cases it is to be clearly understood that navigation in this channel is permitted only as a concession and it must always give place to the demands of irrigation. No claim of any kind can be admitted on account of the closing of the channel or of insufficient depth for navigation.

Fort St. George, August 10, 1926.

The following resolution of the Government of India is republished :—

RAILWAY DEPARTMENT.

RAILWAY BOARD.

Simla, the 15th July 1926.

No. 2058-E.—The Royal Commission on Public Services in India presided over by Viscount Lee of Fareham recommended in regard to the State Railway Superior Services that the extension of the existing training facilities should be pressed forward as expeditiously as possible in order that recruitment in India may be advanced as soon as practicable up to 75 per cent of the total number of vacancies in the Railway Departments as a whole, the remaining 25 per cent being recruited in England.

2 With the approval of His Majesty's Secretary of State for India the Government of India have accepted this recommendation and have framed rules regulating recruitment and training in India which are reproduced in Annexures A, B and C to this Resolution.

3 The Superior Railway Services consist of

(1) The Indian Railway Service of Engineers.

(2) The Superior Revenue Establishment of State Railways including the following branches :—

(a) Transportation (Traffic),
(b) Transportation (Power),
(c) Mechanical Engineering,
(d) Commercial,
(e) Stores,

and certain specialist branches.

4 The annexures contain the rules for recruitment and training for the above services except in the case of the Stores Branch vacancies in which will be filled in future by selection from the Indian Railway Service of Engineers and the Mechanical Engineering branch of the Superior Revenue Establishment.

5 It has been decided that recruitment in India will be confined to persons of Asiatic domicile and in England to persons of non-Asiatic domicile, with immediate effect in all branches except in the case of the Indian Railway Service of Engineers, where this rule will have effect from 1927 and in the Mechanical Engineering and Transportation (Power) branches where it will have effect from 1933. The reason for this in the two latter cases is that the training requisite extends over seven years, and that it will, therefore, not be until 1933 that the scheme will provide the requisite number of officers

6. The rules now published will come into force at once, and as soon as the necessary preliminary arrangements have been made dates will be notified by which applications must be submitted for appointment to the various branches

ANNEXURE A.—REGULATIONS FOR THE RECRUITMENT IN INDIA FOR THE INDIAN RAILWAY SERVICE OF ENGINEERS

1. The permanent establishment of the Indian Railway Service of Engineers is recruited from the following sources :—

4. Candidates must be over 21 and not more than 26 years of age on the 1st of August of the year in which the examination is held. They must also be of good moral character, and sound bodily health, and in the opinion of the Provincial Quota Committee (see rule 6 below) in all respects suitable to hold an appointment in the Indian Railway Service of Engineers.

5. A candidate desiring to be admitted to the competitive examination shall apply to the Chief Secretary or Secretary of the Provincial or Local Administration (enumerated in Rule 10 below) in which province or region his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at a University only, for a like period.

Provided that persons resident in a State in India shall apply through their Durbars to the Political Officer concerned who will forward their applications to the Provincial or Local Administration to which the State is attached for purposes of these regulations.

6. Application shall be made at such time and in such manner as the Governor General in Council may prescribe.

7. No candidate shall make more than one application in any year; but a candidate for the Indian Railway Service of Engineers may also apply for permission to appear at the competitive examination for the Transportation (Traffic) and Commercial Departments.

8 No candidate shall be admitted to the competitive examination unless he has been selected by the Quota Committee of his province or region.

9. Each Provincial or Local Administration will appoint a Quota Committee for the selection of candidates from among applicants from its territory or States attached to it for purposes of these regulations. The Railway Board will nominate an officer of a local railway to serve as an *ex-officio* member on each of these Quota Committees, and in provinces or administrations, to which States in India have been attached, the Provincial Government or Administration will arrange to see that such States are represented on the Committees through an officer of the Political Department.

The decision of the Quota Committee will be final.

10. Ordinarily 10 candidates will be allowed to compete at the examination for each vacancy. The total number of candidates, according to the number of vacancies in a year, will be distributed amongst the several provinces or regions according to the percentage shown below :—

Assam	3
Bengal (including Sikkim)	15
Bihar and Orissa	10
Bombay (including Hyderabad, Baroda and Kathiawar States)	13
Burma	6
Central Provinces (including Gwalior and Central India States)	7
Madras (including Coorg, Mysore, Travancore, Cochin and the States of the Madras Agency)	17
Punjab (including Delhi Province, Kashmir, and the States of the Punjab Agency)	11
United Provinces (including Ajmer Merwara and Rajputana States) ..	16
North-West Frontier Province and Baluchistan	2

The number, to be allotted to each region, worked out according to the above proportion, will be rounded off to the nearest number, fractions of half and over being taken as 1, and smaller fractions ignored, provided that the number to be selected by a Quota Committee will in no case be less than one.

11. *Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for selection. Spontaneous recommendations from persons, who are not themselves connected with the candidate's work at school or at the University, or otherwise, will be disregarded.*

12. Candidates selected by the Quota Committees will be required to appear for examination before a Medical Board and to obtain a certificate of physical fitness for employment in out-door service. Candidates disqualified by the Medical Board will not be permitted to appear at the examination.

13. A candidate will be required to pay a fee of Rs. 5 with his application, and a candidate permitted to appear at the examination will pay a further fee of Rs. 50.

14. The competitive examination will be held at such time and place as may be prescribed by the Governor General in Council.

15. The syllabus for the examination is detailed in Appendix III.

16. Arrangements for the conduct of the examination will be made by the Public Service Commission.

In subjects, which are common to the competitive examinations for the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, candidates for both the examinations will be required to undergo the same examination.

17. Of the total number of vacancies in a year, to be filled in India by direct recruitment, two-thirds will be filled on the results of the competitive examination, provided that number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor-General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such vacancies among the one-third reserved as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, shall be filled in the direct order of merit in which the candidates passed the examination.

NOTE.—Certain appointments in the Indian Railway Service of Engineers were formerly guaranteed to the students at some of the Engineering Colleges. The guarantee has for the future been withdrawn, but to protect the interests of the students who were in the Colleges, when the changes were introduced, the guarantee system will be continued until 1923. The number of vacancies in the Indian Railway Service of Engineers to be recruited for under these regulations will up to that year be reduced by the number of appointments guaranteed.

18. A list of the competitors shall be made out in order of merit as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Public Service Commission to be qualified by examination, shall be designated to be selected candidates for the Indian Railway Service of Engineers, provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not; in the former case, the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be the selected candidate.

If a candidate, having been nominated by the Quota Committee as a candidate for both the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, is a selected candidate for both, he shall be treated as a selected candidate for that service or department only for which he expressed a preference at the time of his application.

19. ANNEXURE G.—REGULATIONS FOR THE RECRUITMENT IN INDIA FOR THE MECHANICAL ENGINEERING AND TRANSPORTATION (POWER) DEPARTMENTS OF SUPERIOR REVENUE ESTABLISHMENT OF STATE RAILWAYS.

1. The permanent establishment of the Mechanical Engineering and Transportation (Power)

departments of the Superior Revenue Establishment of State Railways is recruited from the following sources :—

(1) Persons of non-Asiatic domicile appointed by the Secretary of State by selection from the United Kingdom.

(2) Persons of Indian domicile appointed by the Government of India by selection in India.

(3) Promotion of specially qualified subordinates of the Mechanical Engineering or Transportation (Power) Departments.

(4) Occasional admission of other qualified persons.

NOTE.—These regulations provide for a seven years' training to Indians appointed in India. Although recruitment will be made under clause (2) above with effect from 1923, the officers will not be available for employment before seven years, i.e., before 1933, and during this period requirements of the departments will be met by recruitment under clauses (3) and (4) and by recruitment of persons of non-Asiatic or Indian domicile by the Secretary of State by selection from the United Kingdom.

2. Every candidate for selection in India must be a British subject of Indian domicile.

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, may be considered as eligible.

If a candidate (who is eligible under this rule) or his father or his mother was not born within His Majesty's dominions and allegiance, the father must, at the time of the candidate's birth, have been a British subject or a ruler or subject of a State in India, and if alive, must be, or if dead, must have continued to be, until his death a British subject or ruler or subject of a State in India.

3. Candidates must produce evidence that they have passed the Intermediate examination in Science or Arts of any Indian University incorporated by law or the Senior Cambridge Examination.

4. Candidates must not be over 19 years of age on the 1st of January of the year in which the selection is made. They must also be of good moral character, and sound bodily health, and in the opinion of the Provincial Quota Committee (see Rule 9 below) in all respects suitable to hold an appointment in the Mechanical Engineering and Transportation (Power) departments of the Superior Revenue Establishment of State Railways.

5. A candidate desiring to be admitted to the Mechanical Engineering and Transportation (Power) departments of the Superior Revenue Establishment of State Railways shall apply to the Chief Secretary or Secretary of the Provincial or Local Administration (enumerated in Rule 10 below) in which province or region his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at a University only, for a like period.

Provided that persons resident in a State in India shall apply through their Durbars to the Political Officer concerned who will forward their applications to the Provincial or Local Administration to which the State is attached for purposes of these regulations.

6. Application shall be made at such time and in such manner as the Governor-General in Council may prescribe.

7. No candidate shall make more than one application in any year.

8. No candidate shall be eligible for final selection for appointment unless he has been selected by a Quota Committee.

9. Each Provincial or Local Administration will appoint a Quota Committee for the selection of candidates from among applicants from the territory or States attached to it for purposes of these regulations. The Railway Board will nominate an officer of a local railway to serve as an ex-*officio* member on each of these Quota Committees, and in provinces or administrations to which States in India have been attached, the Provincial Government or Administration will arrange to see that such States are represented on the Committees through an officer of the Political Department.

The decision of the Quota Committee will be final.

10. Ordinarily 20 candidates will be selected by all the Quota Committees for each vacancy. The total number of candidates, according to the number of vacancies in a year, will be distributed amongst the several provinces or regions according to the percentage shown below :—

Assam	3
Bengal (including Sikkim)	15
Bihar and Orissa	10
Bombay (including Hyderabad, Baroda and Kathiawar States)	13
Burma	6
Central Provinces (including Gwalior and Central India States)	7
Madras (including Coorg, Mysore, Travancore, Cochin and the States of the Madras Agency)	17
Punjab (including Delhi Province, Kashmir, and the States of the Punjab Agency)	11
United Provinces (including Ajmer-Merwara and Rajputana States) ..	18
North-West Frontier Province and Baluchistan	2

The number to be allotted to each region, worked out according to the above proportion, will be rounded off to the nearest number, fractions of half and over being taken as 1, and smaller fractions ignored, provided that the number to be selected by a Quota Committee will in no case be less than one.

11. *Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for selection. Spontaneous recommendations from persons, who are not themselves acquainted with the candidate's work at school or at the University, or otherwise, will be disregarded.*

12. Candidates selected by the Quota Committees will be required to appear for examination before a Medical Board and to obtain a certificate of physical fitness for employment in outdoor service. Candidates disqualified by the Medical Board will not be eligible for final selection for appointment.

13. A candidate will be required to pay a fee of Rs. 5 with his application.

14. From the candidates selected by the Quota Committees the Public Service Commission will select the candidates they consider to be qualified and place these selected candidates in order of merit.

To enable the Public Service Commission to carry out these functions it will be necessary for candidates to appear before them for interview and for a short examination to test their general knowledge.

The number of candidates to be finally selected will be twice the number of vacancies provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate be disqualified, the Government of India will determine whether another candidate should be selected in his place or not; in the former case, the candidate next in order of merit, and in other respects duly qualified, will be selected.

15. Of the total number of candidates to be selected, two-thirds will be selected in the strict order of merit awarded by the Public Service Commission, provided that number of candidates is declared by the Public Service Commission as properly qualified for selection. The remaining one-third will be reserved by the Government of India to redress so far as may be necessary, marked communal inequalities, and any approximate, which it may be necessary to make on these grounds, shall be made by the Governor-General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have been declared by the Public Service Commission to have attained the qualifying standard. Such vacancies among the one third reserved as may not be required for the redress of communal inequalities, or for which duly qualified candidates may not be forthcoming, shall be filled in the direct order of merit awarded to the candidates by the Public Service Commission.

16. Candidates finally selected for appointment under Rule 15 will be appointed as special class apprentices for seven years in the first instance under an indenture, binding them to serve the State Railways on the completion of their training if their services are required.

The continuance of the apprenticeship from year to year will depend on satisfactory reports being received from the officers under whom the apprentice is working. If, at any time during his apprenticeship, an apprentice does not satisfy his superior officers that he is making good progress he will be liable to be discharged from his apprenticeship with a week's notice.

17. The selected candidates will be required to undergo practical and theoretical training in a Railway Workshop for the first three years of their apprenticeship. During this period they will be granted a stipend of Rs. 75 per mensem. At the end of each of the three years the candidates will be examined, and, if unsuccessful, will be discharged from their apprenticeship.

NOTE.—The liability to discharge will be greater at the end of the first year than later on.

18. If successful at the examination at the close of the third year of the apprenticeship well-reported on during the period of 3 years' training in the workshops and otherwise found suitable—

(a) apprentices for the Mechanical Engineering department will be sent to an Engineering College to be prescribed by the Governor General in Council for a course of two years' training in the higher mechanical course; they will be required to continue practical work in the workshops during the college vacations:

(b) apprentices for the Transportation (Power) department will be transferred to the Running department of State Railways for two years, during which period they will be required, from time to time, to attend courses at the Railway School/College of Transportation.

During this period of apprenticeship, the apprentices will be granted a stipend of Rs. 100 per mensem.

19. At the expiration of the second period of training referred to in Rule 18, the apprentices will be examined, and will be listed in order of merit on the results of this examination and the examinations during the first 3 years of apprenticeship, taking also into account the reports on the apprentices received during the course of the apprenticeship referred to in Rule 18. Apprentices to the number of vacancies, for which the selection was made in the first instance, will be selected for a further period of training for two years (see Rule 20), provided they have attained the qualifying standard, and the others will be discharged from their apprenticeship.

Provided that if at least half the number of the apprentices, selected under Rule 15 to redress communal inequalities, do not become eligible for selection under this rule, the deficiency will be made good by direct selection, the number to be selected according to merit being reduced by the same number; in no case, however, will final selection be made if the apprentice has not attained the qualifying standard.

20. Apprentices selected under Rule 19 will be sent to the United Kingdom to undergo a further period of training for two years, as prescribed in Appendix I. During this period of training in the United Kingdom they will be granted a stipend of £250 per annum. They will be granted a free 2nd class passage to the United Kingdom, and during the period of voyage to the United Kingdom, their stipend of Rs. 100 per mensem will be continued.

21. On the successful termination of this training, the apprentices will be appointed as probationers on an agreement for a period of three years in the first instance, and will during the period of their probation draw pay at Rs. 375 per mensem in the first year, Rs. 425 in the second year and Rs. 475 in the third year of service subject to satisfactory reports on their work being received at the end of each year of probation.

NOTE.—Apprentices appointed as probationers will be granted a free first class passage to India. Unsuccessful apprentices will be granted a free second class passage back to India provided that they embark for India within a period of three months from the date of intimation that they have been unsuccessful.

22. At the conclusion of the probationary period all probationers, who are favourably reported on, will be required to undergo a final practical departmental test, and will, if successful, be confirmed in the Mechanical Engineering or the Transportation (Power) department, as the case may be, of the Superior Revenue Establishment of State Railways, on a pay of Rs. 525. On confirmation their agreement will be continued, subject to their service being terminable on six months' notice on either side.

23. Probationers will be required to pass a language examination in Urdu by the Preliminary standard, modified to suit the requirements of Railways, before they can be confirmed or granted any increment, beyond the first, during the period of their probation. Probationers whose vernacular is Urdu may be exempted from passing the language examination. Failure to pass the examination involves liability to removal from service.

24. Officers of the Mechanical Engineering and Transportation (Power) departments of the Superior Revenue Establishment of State Railways, recruited under these regulations, will not be entitled to pension on quitting the service, but will be eligible throughout their service for the benefits of the State Railway Provident Fund, to which they will be required to subscribe, and by the rules of which Fund they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix II.

25. Pay will commence from the date of landing in India on return from the United Kingdom. Service for increments and seniority will also count from that date. Particulars as to pay are contained in Appendix III. During the period of voyage to India their stipend of £250 per annum will be continued.

26. Leave rules applicable to State Railway officers are under revision. Officers recruited under these regulations will, pending the revision of the rules, be entitled to leave under the existing rules, but the revised rules will apply to them when they are brought into force.

27. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other railway. But the Government of India reserve the right to transfer such officers in the exigencies of service, to any other Railway or project in or out of India.

28. The Government of India reserve the right of assigning, to the officers promoted from the subordinate ranks, positions in the seniority list at their discretion.

Appendix I.

No. 856.—Under sub-sections (1) and (2) of section 7 of the Madras District Municipalities Act, 1920, the Local Government notify that the Tenali Municipal Council shall consist of twenty councillors of whom fifteen shall be elected.

Fort St. George, August 2, 1926.
(G.O. Ms No. 3145, L. & M.)

No. 857.—The Examiner of Local Fund Accounts brings to notice that several local boards and municipal councils are not ready for audit long after the receipt of intimation from him and often make belated requests for postponement of the audit. Such an attitude on the part of local bodies interferes with the progress of audit and seriously dislocates the work of the Local Audit Department. Presidents and chairmen are requested to have their accounts and registers ready for audit in time and avoid making requests for postponement of audit after receipt of intimation from the Audit staff. If the prescribed accounts and registers are properly maintained and the work is periodically examined and closely supervised by the chairman or the president, there will be no necessity to ask for any postponement of audit.

2. The Examiner of Local Fund Accounts is requested to report to Government from time to time cases in which inordinate delay occurs in the completion and submission of accounts and registers for audit by local bodies.

Secretary to Government.

6 Dogs detained under by-law 2 or by-law 3 and not removed by their owners within 72 hours or such longer period, if any, as may have been specified in the notice issued under by-law 5 shall be disposed of as follows.—

(a) If they are valuable dogs and the Health Officer has no reason to believe them to be suffering from rabies or any infectious skin diseases the dogs shall be sold in auction by the Health Officer and the sale proceeds credited to the municipal funds.

(b) Other dogs shall be destroyed at the expiry of 72 hours after capture or after such longer period as may have been specified in the notice, if any, issued under by-law 5, if within that period they have not been removed from the place of detention by their owners on payment of the fee prescribed in by-law 4.

8 The Health Officer or the Principal, Madras Veterinary College, may direct that any dog which he knows or suspects to be suffering from rabies or which has been bitten or snapped at by any rabid or suspicious dog, jackal or other animal shall either be destroyed immediately by the owner or any person authorized in this behalf by the Commissioner or at the option of the owner, confined under observation at the owner's expense in the dogs' home or other place appointed for the purpose for such period as the Commissioner or Health Officer may fix.

9. Any person who has in his possession any dog which he knows or has reason to believe to be suffering from rabies or to have been bitten or snapped at by any rabid or suspicious dog, jackal or other animal shall immediately intimate the fact in writing to the Health Officer or Divisional Sanitary Inspector.

10. Whoever commits a breach of by-laws 1, 8 or 9 shall be punishable

(a) with a fine which may extend to fifty rupees and, in case of a continuing breach, with fine which may extend to fifteen rupees for every day during which the breach continues after conviction for the first breach; or

(b) with fine which may extend to ten rupees for every day during which the breach continues after receipt of notice from the Commissioner to discontinue such breach.

C. B. COTTERELL,
Secretary to Government.

Fort St. George, July 15, 1920.
(G.O. No. 1174, P.H.).

No. 862.—In G.O. No 1241 M., dated 9th September 1920, the Government accepted the principle laid down at the Local and Municipal Conference that the location of Government buildings and of residential quarters for Government employees should be treated as an integral part of the general town-planning policy of the municipality in which they were to be constructed. In order to give practical effect to this proposal, the Government direct that, in the case of all building schemes in which a number of Government buildings or quarters for officials are to be erected, the opinion of the Director of Town Planning should be

obtained in regard to the location and arrangement of the buildings

Where, however, the proposal is only to construct an isolated Government building or residence for an official, the Government do not consider that any reference need be made to the Director of Town Planning, unless the Site Committee definitely recommends that he should be consulted in the matter.

Fort St. George, August 10, 1926

No. 863—Under section 12 of the Madras Town Planning Act, 1920 (Madras Act VII of 1920), read with section 15 of the Madras General Clauses Act (Madras Act I of 1891) the Local Government hereby cancel paragraph 2 of Notification No. 578, published on pages 233 and 234 of Part I-A of the *Fort St George Gazette*, dated the 15th June 1926, in which the Nilgiris District Board was called upon to prepare, print and submit for their sanction a Town Planning scheme in respect of certain areas in the Kotagiri village specified in the schedule annexed to the said notification.

No. 864.—Under section 12 of the Madras Town Planning Act, 1920 (Madras Act VII of 1920), read with section 15 of the Madras General Clauses Act (Madras Act I of 1891), the Local Government hereby cancel Notification No 372, published on page 240 of Part I-A of the *Fort St George Gazette*, dated the 10th May 1922, in which the Kollegal Taluk Board was required to prepare, print and submit for their sanction a Town Planning Scheme in respect of 12·6932 acres of land in Kollegal Union, Coimbatore district.

Fort St. George, August 6, 1926
(*G.O. No.* 1337, *P.H.*)

No. 865.—The following Government order is published :—

From the Accountant-General, No. T.M. 23—12—1090, dated the 3rd May 1926.

I have the honour to invite a reference to G O Mis No 1436, P H., dated the 18th October 1922, sanctioning the debit to Provincial Funds of the money order charges incurred in remitting the travelling allowance and contingent amounts due to sub-assistant surgeons and menials employed in out-of-the-way medical institutions.

At the time when the order was issued, the travelling allowance and contingent bills chargeable to local funds were cashed at the treasury and the treasury officer had to make arrangements for the disbursements in the case of payments in out-of-the way places. Such bills are however now passed by the local bodies themselves obtaining funds by cheques drawn at the treasury. The treasury officer is no longer concerned with the disbursements. I would therefore request that the question of continuation of the charge against Provincial revenues may be reconsidered by Government.

Order.

In the circumstances stated by the Accountant-General the Government direct that the money order charges incurred in remitting the travelling allowance and contingent amounts due to sub-assistant surgeons and menials employed in out-of-the way stations should be debited to Provincial funds only in those cases in which the travelling allowance and contingent charges are payable by the Government. In cases where the travelling allowances and contingent charges have to be paid by local bodies, the money order charges also should be borne by these bodies.

H. R. UZIELLI,
Deputy Secretary to Government.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidates that selected that centre must be prepared to proceed, at their own expense to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Native State selects a centre in another Native State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local education or other authorities concerned before the 15th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The Oral and Practical examinations in such subjects as require them will be held at these places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought by their *pupils*.

N.B.—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31*st August*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own guided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of such work and unless the examiners are satisfied as to the identity and the qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to recommend to the Director of Public Instruction or to the Director of Industries the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works or in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawing, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also on the outside of each roll for each subject, each candidate should enter the following particulars in ink*:—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they may reach the Commissioner's office on or before the 31st August, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject as admissible should specify in column 9 of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined

11. Candidates in the mufussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in Mysore and Hyderabad States should obtain the same from the Resident's Treasury; those in Travancore and Cochin States from the Agent's Treasury, Trivandrum; those of Pudukkottai from the Assistant Agent for Pudukkottai, Trichinopoly, and those in Coorg from the Commissioner of Coorg, Mercara. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post Office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufussil requesting to be supplied with application forms from this office

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Lower.	Higher.
	Rs.	Rs.
For each subject	6	12

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fees be returned in the Commissioner's office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India together with two lists of the pupils, one of which will be retained by the Bank and the other viséed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undermentioned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To the Secretary to the Commissioner for Government Examinations,

Cathedral P.O. (Madras).

N.B.—Candidates desirous to ensure themselves that their applications have been received should enclose *an addressed post-card in their respective applications.* The post-cards should bear the sender's address only, and no other writing. Such post-cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's name and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if 'Other Hindus' they should state in column 3 of their applications whether they are 'Non-Brahman Caste Hindus,' 'Adi-Dravidas' or 'Adi-Andhras.' Applications defective in any particular will be returned.

NOTE.—*The occupation or profession of candidates or the appointments held by them should invariably be stated in full in column 10 of their applications.*

16. *The fee paid will, in no case whatever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fee, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

17. Subject to any changes that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of time and subjects shown in the following table.

[NOTE.—*Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.*]

STATEMENT OF OBJECTS AND REASONS.

Doubts have been expressed as to the validity of the Madras Hindu Religious Endowments Act, 1923, and of the action taken and things done in pursuance of and under that Act and legal proceedings have been instituted in the Madras High Court and certain subordinate courts questioning its validity. The result has been that the working of the Act has been considerably obstructed by persons whose supposed vested interests have been affected by the Act. This Bill is primarily intended to remove all doubts that may exist as to the validity of the said Act and of the action taken and things done thereunder.
